(As per Clause 5.3 of the SEBI Circular SEBI/HO/CDMRD/DMP/CIR/P/2016/96 dated September 27, 2016)

# Cotton Production and Imports in Lakh Bales (of 170 kgs each)

\$ To compute average figures for past five years data of years 2012-13 to 2016-17 has been considered for Undecorticated Cotton Seed Oil Cake, Cotton, Kapas, Coriander, Jeera, Pepper and Turmeric and for rest of commodities data from 2013-14 to 2017-18 has been considered.

\$\$ For Spices (Coriander, Jeera, Pepper and Turmeric), the production and import data is taken from the Spices Board India. However, the Board has not published data for year 2017-18. Hence figures of 2016-17 has been considered for computation of Deliverable Supply during FY 2017-18.

\$\$\$ For Cotton, the production and import data is taken from the Cotton Advisory Board. However, the Board has not published data for year 2017-18. Hence figures of 2016-17 has been considered. Further, the production data for Cotton Seed Oil Cake and Raw Cotton has been derived based on Cotton Production data sourced from CAB and hence, position limits for these commodities have also been kept unchanged.
