**Scope of Mock**

- Trading
- NEXTRA
- Web NCFE
- Web Extranet

---

### **Web Portals**

Members are hereby informed that production Web NCFE and Web Extranet will not be available from **Saturday, 26 September 2026, 04:00 A.M till Sunday, 27 September 2026, 12:00 A.M.** However, for the purpose of mock, the test Web NCFE and Web Extranet portal will be available.

Please refer to Annexure 'A' for activities to be performed for Web NCFE

**Members are requested to note that client allocation, client collateral segregation reporting and limit files for production will not be processed on Saturday, 26 September 2026 from 02:00 AM till Sunday, 27 September 2026 12:00 AM.**

### **Mock URLs**

Please refer to the URLs below that will be used during the mock session.

|                 |                                                                                                             |
|-----------------|-------------------------------------------------------------------------------------------------------------|
| Member Extranet | <a href="https://mockwebextranet.ncdex.com/Login.aspx">https://mockwebextranet.ncdex.com/Login.aspx</a>     |
| Web NCFE        | <a href="https://mockncfe.ncdex.com/Login/NCFEMain.aspx">https://mockncfe.ncdex.com/Login/NCFEMain.aspx</a> |

Members using third party CTCL software of empaneled vendors or in-house developed systems can use this opportunity to test their respective trading application during mock trading session for various functionalities.

### **BOD and EOD Files for Mock Session -**

All BOD files i.e. NCDEX.zip, BMS\_RA, BMS\_RPF will be available on the Common.ncdex.com website under NCDEX Docs/Mock/

Trading members may kindly note that they shall be able to download their end-of-day files from their respective mock folders on the Member Extranet server post mock.

Members are requested to note that trades resulting from this session shall not attract any obligation in terms of funds and commodities pay-in / pay-out.

---

The stock brokers should ensure to put in place adequate mechanism to restore their trading systems to 'production state' at the end of the testing session so as to ensure integrity of stock brokers' trading system.

Members are requested to participate actively in the mock trading session from all trading software and re-login into the live environment to check the connectivity and to avoid any login issues on **Monday, 28 September 2026**.
